

Northside Christian Academy uses **RenWeb School Management Software** to manage our student database information. An important feature with RenWeb is the opportunity for you to be more involved in your child's academic progress – all via the Internet!

RenWeb ParentsWeb is a private and secure website that has been set up for Northside to allow you to see complete information specific to your child. You can view your child's grades, attendance, homework and conduct, as well as other useful school information. You can also communicate with teachers and other school staff online whenever necessary. All you need is an Internet-capable computer.

Here's how to access our easy-to-use **RenWeb ParentsWeb**:

- Go to Internet Explorer and type in the address www.renweb.com.
- Click on "ParentsWeb Login" in the red box.
- Log in as follows:
 1. Type in NCA-NC for your School ID.
 2. Type in your email address that you provided to the school.
 - Click "New Parent Login" if you have not logged into RenWeb before.
 - You will be emailed a new password within 3 minutes (to the email address you typed in, which **must be the same email address that you provided to the school**).
 3. Type in the password assigned.
- To access grades, click "Classrooms." This will bring up all classes in which your child is enrolled at the school.
- Click on "Homework Summary" or "Gradebook Summary" at the top of the column for each child.
- You can access other school information regarding your child on this site, as well as email the teachers directly!
- Please feel free to contact the school office for the area your child is enrolled if you have any problems or questions. We look forward to your participation. Together, we can continue to improve our children's academic development as well as communication between the school and the home.
